

MMP Stainless Medium-Duty Precleaner

Extra Cleaning Power for Corrosive Environments

The MMP Stainless Steel Medium-Duty Precleaner tackles those tough applications where the standard-duty precleaner is not sturdy enough but the heavy-duty cleaner is overkill. The MMP is built tough with a stainless steel heavy-duty pole and beefy dual tensioning system, and a larger, powerful blade. Yet installation is simple, maintenance is quick, and bottom line—the cleaning job is excellent.

Features and Benefits

- **Stainless steel.** Corrosive environments wear on any component, but stainless steel can protect against that.
- **Compact and versatile.** Requires only 4" (100mm) of horizontal clearance for installation. Pole length is belt width plus 54" (1350mm) to fit varying conveyor or chute wall widths. Pole extenders are available for extended length requirements.
- **Works with Flexco and other mechanical splices.** The spring tensioner quickly moves the blade away from the belt when a splice passes. The polyurethane blade easily glides over the splice without damage and with minimal cleaning disruption.
- **Made for mining conveyors.** Made from heavy-duty stainless steel, the MMP is available for belt widths from 24" to 84" (600 to 2100mm). Special sizes are available upon request.
- **Complete cleaning system.** When teamed with our MHS Secondary Cleaner, it makes up a system that delivers maximum cleaning power. If extra water is present, the MDWS DryWipe can be added.

MMP Stainless

Medium-Duty Precleaner

Specifications and Guidelines

- **Maximum Belt Speed**
1000 FPM (5 M/sec)
- **Temperature Rating**
-30°F to 180°F (-35°C to 82°C)
- **Minimum Pulley Diameter**
16" (400 mm)
- **Blade Height**
10" (250 mm)
- **Useable Blade Wear Length**
6" (150 mm)
- **Blade Material**
Urethane 83 durometer (proprietary blend for abrasion resistance and long wear)
- **Available for Belt Widths**
24" to 84" (600 to 2100mm)
- **CEMA Cleaner Rating**
Class 4
- **Horizontal Clearance Required**
4" (100mm)
- **Vertical Clearance Required**
13" (325mm)
- **Pole Length**
Cleaner size + 54" (1350mm)
- **Maximum Conveyor Span**
Cleaner size + 42" (1050mm)
