

ALLIGATOR® STAPLE GOLD CLASS™ PLUS

Reduce Installation Time by 35% and Improve Splice Consistency

Faster.

The Gold Class™ power driver, in conjunction with the Gold Class Plus tool allows users to install Alligator® Ready Set™ staple plates with quick and effortless trigger pulls. The design of the Gold Class Plus tool allows users to switch between plate sizes in mere seconds.

Easier.

The Gold Class Plus tool combines both the initial and final set function in a single base. This process is not only fast and easy, but it is also virtually error proof. The patented drive punch has been designed to seat the front edge of the fastener plate down for proper compression, while also keeping the fastener loops protected. This ensures smooth hinge pin insertion.

Safer.

By eliminating the need to use a hammer to install the fasteners, the Alligator Staple Gold Class system reduces the risk of repetitive motion injuries. It also reduces operator fatigue associated with hammer installing numerous splices throughout the day.

3 Simple Steps:

Initial Set:

Fasteners and belt are inserted into the base where the pre-staked staples are driven through the belt with simple trigger pulls.

Simple Adjustment:

After the fasteners are initially set, simply flip the handle.

Final Set:

With additional trigger pulls, the staples receive their final set and the compression fit is obtained.

ALLIGATOR® STAPLE GOLD CLASS™ PLUS

Ordering Information		
Description	Ordering Number	Item Code
Alligator® Staple Gold Class™ Plus Installation Tool		
24" Alligator Gold Class Plus Installation Tool	RS-GOLD-DA	55590
Replacement Parts		
Guide Block	ST7-5	55554
