

# EZP1 Stainless Steel Precleaner with White ConShear™ Blade

## Simple, Quick and Effective for Corrosive Environments

The EZP1 Precleaner is not your average solid-blade belt cleaner that mounts on the head pulley. It features a unique uni-blade design that combines simple, do-it-yourself installation, quick maintenance, and effective cleaning results with the added advantage of corrosion-resistant stainless steel components.

## Features and Benefits

- **White food-grade ConShear™ Precleaner** is chemical resistant, and all ingredients used in urethane formulation comply with the relevant requirements of 21 CFR (FDA Code of Federal Regulations) for use in repeated bulk dry food applications.
- **Stainless Steel.** Corrosive environments wear on any component, but stainless steel can protect against this.
- **Works with Flexco mechanical splices.** The spring tensioner allows the blade to quickly move away from the belt when a splice passes. The polyurethane blade material easily glides over the splice without damage and with minimal cleaning disruption.
- **Compact, streamlined design.** The Stainless Steel EZP1 Precleaner requires only 100 mm (4") of horizontal clearance for correct installation. Its streamlined contours prevent material buildup on the blade or the pole.
- **Can be used on reversing belts.** Installing cleaners on both pulleys gives superior cleaning results on belts that run in both directions.
- **Fits most conveyor structures.** Available for belt widths from 300-1800 mm (12" to 72").

# EZP1 Stainless Steel Precleaner with White ConShear™ Blade

## Specifications and Guidelines

- Maximum Belt Speed**  
3.5 M/sec (700 FPM)
- Temperature Rating**  
-35°C to 82°C (-30°F to 180°F)
- Minimum Pulley Diameter**  
250 mm (10")
- Blade Height**  
185 mm (7-1/4")
- Usable Blade Wear Length**  
100 mm (4")
- Blade Material**  
Urethane 83 durometer  
Chemical resistant/food grade\*
- Available for Belt Widths**  
300 to 1800 mm (12" to 72")
- CEMA Cleaner Rating**  
Class 2
- Horizontal Clearance Required**  
100 mm (4")
- Vertical Clearance Required**  
238 mm (9-1/2")
- Pole Length**  
Cleaner size up to 1200mm (48") + 750mm (30")  
Cleaner size over 1200mm (48") + 850mm (34")
- Maximum Conveyor Span**  
Cleaner size up to 1200mm (48") + 625mm (25")  
Cleaner size over 1200mm (48") + 725mm (29")

\* All ingredients used in urethane formulation comply with the relevant requirements of 21 CFR (FDA Code of Federal Regulations) for use in repeated bulk dry food applications.
