

NOVITOOL® AMIGO™

Splice Press for Homogeneous Belts

Engineered for Precision Belt Splicing

Splices in homogeneous belting must ensure tight pitch tolerance and be free from pinhole air pockets. With that in mind, everything about the Amigo™ 625 and 1000 has been designed to do just that. And in typical Novitool® tradition, it was made to do it with ease, safety, and speed.

Custom templates are available to secure the belt when cutting and welding the belt ends to ensure accurate pitch control. Preheat mode dries belt ends of moisture to minimize pinholes. The Amigo Splice Press features a transport case for easy storage and transportation, making it ideal for in-shop or on-site splicing.

Features and Benefits:

- Splice time, including the time to heat the press and splice the belt, is **approximately one minute**.
- Pre-heat function dries moisture out of belt ends for **improved splice quality**, free of pinholes where bacteria can grow.
- **Unique heating element** brings the belt ends to the desired molten state without disrupting the material.
- Exclusive, **built-in safety features** like the integrated belt cutter and shielded heating element eliminates the need for utility knives and protects operators from the heat source.

Market Applications

- Proteins
- Baking
- Snack
- Fruit and Vegetable

NOVITOOL® AMIGO™ Splice Press for Homogeneous Belts

Amigo™ 625

Integrated Belt Cutter
maintains accurate pitch
in a single pass

Interchangeable Splice Templates for precise
pitch splicing of belts from
various belt manufacturers

Operates on **Single Phase**
115V or 230V

Amigo™ 1000

Contactless Heating
provides for a controlled
amount of clash without
actual contact with the
heat source

Digital Time Control with
quick, simple splice settings; the
Pre-Heat Setting can be used
to remove moisture and avoid
pinholes

The **Return Side splicing kit** includes components to
enable splicing with the Amigo on the **return side** of
the conveyor.

Custom **Transport Case**
for easy storage and
transportation

NOVITOOL® AMIGO™ Splice Press for Homogeneous Belts

Amigo™ Press and Cable Ordering Information			
	Ordering Number	Item Code	
Press			
625mm (24.5")	AMIGO-625-SPLICEPRESS	09726	
1065mm (42")	AMIGO-1000-SPLICEPRESS	08545	
Cables			
115 volt; single phase; 15 amp	AMIGO-1000-CABLE-1X115-IEC520	08585	
230 volt; single phase; 7.5 amp	AMIGO-1000-CABLE-1X230-IEC620	08586	

NOTE: Press, cable, and templates are all purchased separately.

Amigo™ 625 Dimension Information		
	Dimensions	Weight
Machine	1000mm (39.4") x 315mm (12.4") x 170mm (6.7")	24.5 kg (54 lb)
Transport Case (includes additional templates and support equipment)	1210mm (47.7") x 490mm (19.3") x 385mm (15.2")	31 kg (68 lb)
Total Weight		55.5 kg (122 lb)

NOTE: The Amigo™ 625 is compact enough for a single operator to transport and operate.

Safety Features of the Amigo™ 625 & 1000

Integrated Cutter: Operator is protected from blade during single pass cutting operation.

Cutter Storage Position: Cutter must be in storage position for splicing function to operate.

Shielded Heat Zone: Guard must be closed for heat emitter to function. Operator is protected from heat source during splicing.

Cool Zone: Heater stows and cools inside unit as belt ends are butt-welded together.
