

EZSB Flexco® Slider Beds

Superior Spillage Control

Flexco® Slider Beds are engineered to provide containment around load zones. With long-lasting UHMW slider bars, combined with the high-performance CoreTech™ roll, the Flexco Slider Bed effectively seals the load zone and minimizes drag on the belt. This series features universal components that result in an effective, yet affordable, solution.

Features and Benefits

- **Eliminate spillage.** The UHMW slider bars effectively seal the load zone when combined with Flexco skirting systems. CoreTech™ nylon rolls eliminate the drag on the belt.
- **Ease of service:** Simply lower troughing angles to provide easy access to the bars and rollers for quick and safe maintenance.
- **Application-specific options.** Whether you need to seal the load zone in impact or non-impact areas, Flexco has the solution with the Flexco slider beds and impact beds.
- **Family of products.** Can be paired with the Flexco Impact Beds to create a holistic load zone system.

Flexco® Slider Bed

Specifications and Guidelines

- **Maximum Belt Speed**
5 m/s
- **Maximum Temperature Rating**
-40° C to 82° C
- **Available for Belt Widths**
600 to 1800mm
- **Slider Bar Material**
UHMW Polyethylene and aluminum extrusion
- **Impact Bar Material**
UHMW Polyethylene, rubber cushion and aluminum extrusion
- **Impact Energy**
Max Lump Weight (lb) x Drop Height (ft)
0 kg-m EZSB-C
up to 25kg-m EZSB-I
- **Tonnage Rating**
EZSB-I only; see table below
