

# POWER ASSISTED BELT CUTTERS

## Power Assisted Belt Cutting For Rubber Belts Up To 50 mm (2") Thick

The Electric Belt Cutter, the Cordless Belt Cutter, and the Pneumatic Belt Cutter from Flexco quickly and easily cut all types of belting from the softest of natural rubbers to the hardest constructed solid woven PVC and fabric-plyed belts. Complementing the existing range of Flexco belt cutters, they are safe and easy to use.

- Available in two sizes. The EBC1, cordless CEBC1, and the pneumatic PBC1 allow for cuts up to 25 mm (1") thick on rubber belts and up to a maximum 630 kN/m (360 P.I.W.) on PVC belts. The EBC2, the cordless CEBC2, and the Pneumatic PBC2 provide for a thicker cut up to 50 mm (2") on rubber belts and up to a maximum 2000 kN/m (1140 P.I.W.) on PVC belts.
- Designed for cutting all belt widths as well as for extended, longitudinal cuts.
- High-speed steel blade provides for a smooth, accurate cut and is protected by a spring-loaded blade guard for enhanced worker safety.

### Features and Benefits

- Sealed ball bearings support the belt during cutting and allow the operator to feed the cutter into the belt with minimal effort
- Constructed of special high speed steel, the Electric and Pneumatic belt cutter blade is dual-angled for smooth, accurate cutting
- Side handle can be mounted on either side for left-or right-hand operation
- Spring-loaded blade guard protects operator from cutting edge of blade
- Permanently sealed gearbox provides long lasting, maintenance-free operation

## Features and Benefits

Sealed ball bearings support the belt during cutting and provide for nearly friction-free feeding of the cutter on the cutting surface

High-speed steel blade is dual-angled for smooth, accurate cutting

Cutting Guide is attached to a spring-loaded blade guard to allow for a straight, accurate cut

## POWER ASSISTED BELT CUTTERS

### Power Assisted Belt Cutters

The heavy-duty stainless steel housing construction of the Electric and Pneumatic belt cutter is strong, durable, and corrosion free. The permanently sealed gearbox provides for long lasting, maintenance-free operation. It can be easily adapted for either right-or left-hand operation.

The cordless CEBC1 or CEBC2 includes an attached drill, two batteries, recharger, handle, and instruction guide.

The EBC1 or EBC2 electric belt cutter comes with an attached hammer drill and power cord, handle, and instruction guide.

The PBC1/PBC2 pneumatic cutter includes an attached hammer drill, air hose regulator, and instruction guide.

Belt Cutters are packaged in a durable, protective carrying case.

Cutting Capacity				
Description	EBC1/CEBC1/PBC1		EBC2/CEBC2/PBC 2	
	Metric	Imperial	Metric	Imperial
Rubber Belt	Up to 25 mm	Up to 1"	Up to 50 mm	Up to 2"
PVC Belt	Up to 630 EP	Up to 360 P.I.W.	Up to 2000 EP	Up to 1140 P.I.W.

  

Ordering Information		
Description	Ordering Number	Item Code
Electric Belt Cutter Corded Model	EBC1	30001
	EBC2	30002
Electric Belt Cutter Cordless Model	CEBC1	30018
	CEBC2	30019
Pneumatic Belt Cutter	PBC-1	61356
	PBC-2	61357
Pneumatic Filter Set	PBC-FR	61358
