

MDWS

Heavy-Duty Secondary Belt Cleaner

The Final Step in Belt Cleaning

Many times the belt cleaners on a beltline do a good job of taking off the carryback materials. However, after the last cleaner, there is still water on the belt and that can still cause a big mess along the beltline. The MDWS Secondary Belt Cleaner is designed to be the last cleaner in a cleaning system and wipe the belt dry.

Features and Benefits

- **Long wear life.** Blade has 113mm (4-1/2") of usable urethane.
- **Low maintenance.** Occasionally check for blade wear and measure springs for proper tensioning.
- **Works with mechanical fasteners.** The polyurethane blade easily glides over the mechanical splices and the spring tensioners dampen any impact, allowing the splices to pass without damage to the blade or the splice and with minimal cleaning disruption.
- **Streamlined design.** The MDWS has minimal horizontal surfaces for carryback to build up on. Carryback buildup often renders other secondary cleaners ineffective.
- **Complete cleaning system.** When teamed with a Mineline precleaner and one or more secondary cleaners depending upon the application, the MDWS is the unbeatable final cleaner in a cleaning system that delivers unmatched cleaning performance and efficiency.
- **Made for mining conveyors.** The MDWS comes standard with an extra-long pole (belt width plus 1500mm (60")) for cleaners up to 1500mm (60") and belt width plus 1350mm (54") for cleaners over 1500mm (60")) so it can be used on most mining conveyors. It is available for belt widths from 600 to 2400mm (24" to 96").

MDWS

Heavy-Duty Secondary Belt Cleaner

Specifications and Guidelines

- Maximum Belt Speed**
5 M/sec (1000 FPM)
- Temperature Rating**
-35° C to 82° C (-30° F to 180° F)
- Blade Height**
185mm (7-1/4")
- Usable Blade Wear Length**
113mm (4-1/2")
- Blade Material**
Urethane 59 durometer (softer to squeegee water off)
- Available for Belt Widths**
600 to 2100mm (24" to 84")
- Pole Length** Cleaner size up to 1500mm (60") + 1500mm (60")
- Maximum Conveyor Span** Cleaner size over 1500mm (60") + 1350mm (54")

- Horizontal Clearance Required**
100mm (4")
- Vertical Clearance Required**
250mm (10")
