

Clipper® 845LD Belt Cutter

Designed for Safety, Speed and Accuracy Where Uptime is Critical

The Clipper® 845LD aluminum belt cutter delivers the straightest cuts – time after time – in an easy-to-use lightweight, corrosion resistant package.

The chain-driven, double-edged safety blade can be driven from either end, cutting in a single pass. Cuts straight every time on rubber or PVC belts up to 12mm thick. Plus, the aluminum frame makes the 845LD easy to carry and use.

Faster.

- Lightweight (approximately 13.6 kgs/30 lbs. per 1200mm/48" cutter) non-corrosive aluminum frame
- Turning the drive handle effortlessly cuts the belt in a single pass
- Clamp bar can be completely removed, or hinged and lifted from either end, simplifying routine operation

Safer.

- Blade remains fully enclosed during cutting procedure
- Special flat-top blade design for added safety

Smarter.

- Quick, safe, and accurate cuts in a single pass

Complete Belt Maintenance Support

Use the 845LD Belt Cutter in conjunction with these Flexco products to keep parcel belts up and running at peak performance.

Clipper® Wire Hook Fastening Systems

Novitool® Belt Fabrication Tools

845LD Belt Cutter

Squaring Belt Ends Increases Belt Life, Reduces Maintenance Costs

Squaring your belt ends is a job that requires only a few minutes, but offers real paybacks in terms of extended belt fastener life and reduced maintenance costs. A mechanical splice applied to a properly squared belt will evenly distribute tension across the splice.

Other important benefits include:

- Increased life of the mechanical splice
- Reduced wear on conveyor belt
- Reduced wear on conveyor components
- Reduced maintenance time
- Reduced costs

Ordering Information

845LD Belt Cutter

Description	Belt widths up to:	Item Code	Ordering Number
	mm		
900mm Belt Cutter	900	32275	845836LD
1200mm Belt Cutter	1200	32276	845848LD
1500mm Belt Cutter	1500	32277	845860LD
1800mm Belt Cutter	1800	32278	845872LD

Replacement Parts
