

EZP1 Rockline® Standard-Duty Precleaner

Simple, Quick, Effective Belt Cleaning for Pulp and Paper Operations

The EZP1 Precleaner is not your average solid-blade belt cleaner that mounts on the head pulley. It features a unique single blade design that combines simple, do-it-yourself installation, quick maintenance, and effective cleaning with a price tag that you can afford. Install the EZP1 on belts carrying bark or chips where dust is widespread to facilitate the capture of usable material and avoid material piles that create fire hazards. Stainless Steel components and Chemical-Resistant, High-Temp, or Ultra-High Temp blade options are available for belts carrying chips to the digester and lime to the kiln.

Features and Benefits

- **Works with Flexco mechanical splices.** The spring tensioner allows the blade to quickly move away from the belt when a splice passes. The polyurethane blade material easily glides over the splice without damage and with minimal cleaning disruption.
- **Compact, streamlined design.** The EZP1 Precleaner requires only 100 mm of horizontal clearance for correct installation. Its streamlined contours prevent material buildup on the blade or the pole.
- **Can be used on reversing belts.** Installing cleaners on both pulleys gives superior cleaning results on belts that run in both directions.
- **Fits most conveyor structures.** Available for belt widths from 300-1800 mm.
- **Blade can be used on other cleaners.** The ConShear™ blade can be used as a replacement blade on many OEM cleaners.

Rockline® Standard-Duty Precleaner

Specifications and Guidelines

- Maximum Belt Speed**
3.5 m/s
- Temperature Rating**
Purple/White: -35°C to 82°C
Yellow: -35°C to 135°C
Spikes to 160°C
Red: -35°C to 200°C
Spikes to 230°C
- Minimum Pulley Diameter**
250 mm
- Blade Height**
185 mm
- Usable Blade Wear Length**
100 mm
- Blade Material**
Purple/White: Polyurethane 83 durometer
Yellow: Polyurethane 93 durometer
Red: Ultra High-Temp Polyurethane 90 durometer
- CEMA Cleaner Rating**
Class 3
- Available for Belt Widths**
300 to 1800 mm
- Horizontal Clearance Required**
100 mm
- Vertical Clearance Required**
238 mm
- Pole Length**
Cleaner size up to 1200mm + 750mm
Cleaner size over 1200mm + 850mm
- Maximum Conveyor Span**
Cleaner size up to 1200mm + 625mm
Cleaner size over 1200mm + 725mm
